

I am petitioning on behalf of the K-LOVE radio station. It is an important part of my community because it offers not only a family safe radio station that supports wholesome values but also has resources available for people in need (i.e. in house pastors). This is the only radio station I listen to in the car. I never have to worry about what is being talked about on the radio when my kids are present. It is a positive, encouraging influence in my family's life. If K-LOVE were not on the air, I do not know what, if any radio station, we would listen to. We would resort to Christian CD's more than likely. There is no outside influence since it is a listener supported station, which we pledge monthly to. I believe that K-LOVE is an invaluable service to any community it reaches because it is a Christian based station that is concerned with reaching everyone with the love & gospel of Jesus. K-LOVE does not turn anyone away from their prayer request phone lines & reaches out to everyone. There are so many radio stations on the air that encourage language & behavior that is vulgar & immoral. They also play music with lyrics that encourage behavior that can be violent, immoral, promiscuous & degrading to different groups of people (i.e. women, minorities). Please do not let their signal be replaced with an LPFM.
